

INVESTMENT QUESTIONNAIRE FOR INVESTMENT ADVISORY - NATURAL PERSON

Client

Name and surname	
Date of birth	
CIF	

Client's address

Street name and number	
City	
Postcode	

(hereinafter "**the Client**")

UniCredit Bank Czech Republic and Slovakia, a.s., with registered seat in Prague 4 - Michle, Želetavská 1525/1, Postcode: 140 92, Company ID: 649 48 242, registered in the Commercial Register maintained by the Municipal Court in Prague, Section B, Insert no. 3608 (hereinafter "**the Bank**") is obliged under the provision of the Act no. 256/2004 Coll., on capital market undertakings, as amended (hereinafter "**the Act**"), in particular Article 15h and 15i of the Act, to obtain necessary information on professional knowledge and experience of the Client in the area of investment (or Client's financial background and investment objectives). In doing so, the Bank shall base itself on this Investment Questionnaire. Information required by the Bank from the Client in this Investment Questionnaire is needed so that the Bank can provide investment services while acting in the best qualified, honest and fair manner and in the Client's best interest. The Bank will further use information obtained from the Investment Questionnaire for the purpose of evaluating compatibility of instruments with the needs, characteristics and objectives, including sustainability-related objectives of the Client.

The Bank will also ask the Client about preferences in the area of sustainability, i.e. whether he wishes to invest sustainably. Before answering this kind of questions, the Client should understand the following concepts. Investing sustainably means investing in one or more of the following financial instruments:

1 Environmentally sustainable investment pursuant to the Taxonomy*

Investment in one or several economic activities that qualify as environmentally sustainable, i.e. contributes substantially to one or more of the environmental objectives - a) climate change mitigation, b) climate change adaptation, c) sustainable use and protection of water and marine resources, d) transition to a circular economy, e) pollution prevention and control, f) protection and restoration of biodiversity and ecosystems.

* Regulation (EU) 2020/852 of the European parliament and of the Council

2 Sustainable investment pursuant to the SFDR**

An investment in an economic activity that contributes to an environmental objective or that contributes to a social objective, provided that such investments do not significantly harm any of those objectives and that the investee companies follow good governance practices, in particular with respect to sound management structures, employee relations, remuneration of staff and tax compliance.

** Regulation (EU) 2019/2088 of the European parliament and of the Council

3 Investment that takes into account the main adverse impacts on sustainability factors such as environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters. By investing in this financial instrument, adverse impacts are to be eliminated, or at least mitigated, reduced or positively solved.

The main adverse impacts can be observed in:

- climatic or environmental area (emissions of greenhouse gases, negative impact on biodiversity, emissions into water, hazardous waste, etc.) and
- in the social field, in the field of employment matters, matters of respect for human rights and matters of the fight against corruption and bribery (violation of the principles of the UN and OECD global pact, unadjusted gender pay gap, exposure to controversial weapons, etc.)

Questions of the Investment Questionnaire

The Bank requests hereby, in connection with the above stated reasons, complete, accurate and true answers on following questions. If the Client does not quite understand some question or he is not sure about its meaning or formulation, he asks the Bank for explanation before he answers the question, whereas the Bank shall provide him all necessary explanation.

APPROPRIATENESS

Knowledge and experience - General questions

1 Do you have any education or qualification in relation to trading financial instruments?

- a. No.
- b. Yes, university degree with focus, apart from other, on financial markets and financial instruments.
